MEMORANDUM FOR: Assistant Director, Office of Basic Intelligence

SUBJECT: NIS Chapter IX Subcommittee Proposals Concerning
Schedule for FY 1962 and Forecasts for FY's
1963 and 1964

1. The Chapter IX Subcommittee herewith submits for NIS Committee consideration the following proposals for the Chapter IX schedule for FY 1962 and forecasts for FY's 1963 and 1964, which were agreed to by the Subcommittee at a meeting held on 14 July 1960. In developing these proposals, the Subcommittee retained a five to three ratio between maintenance and new work. Guidance was derived from the latest available JCS priority list, the mapping situations of the individual NIS Areas, and (for new areas) the status of completion of the remainder of the NIS for the Area, to aid in Chapter I planning. The degree of obsolescence of the existing Chapter IX was also a major consideration in the scheduling of maintenance work.

2. The proposed FY 1962 schedule is as follows:
